**Establish 2015-2016 Goals:**

1. Increased communication between the High Schools and Triton with a focus on Dual Credit and the new potential cohorts.
2. Committee receiving some career related professional development (roundtable) and then using that information to help guide our students.
3. Promote career presentations at each school and the small field trips to business partners.
4. Programs of Study—continue to sue and promote the website with our students.

**Naviance vs. Career Cruising**

Naviance changing their price plans was discussed. Most of the schools are deeply invested into Naviance because of their college piece and ability to send electronic transcripts to colleges. A few of the schools have also bought the upgraded package that includes “Do What You Are” which used to be free. With that being said, everyone is very interested in learning more about what Career Cruising has to offer and the upgrades that they have made. Many said they would like to attend the webinar.

**Dual Credit Updates:**

Registration for Spring Semester—the goal is to get that completed in October/November. Wants to get all students tested by then. Orientation packets and brochures for students/parents are being made. These detail the new registration procedures, which Devin feels is more organized. He is hoping to create the ability to register online in the near future.
