January 22, 2016

February 19, 2016

March 11, 2016

April 22, 2016

Establish 2015-2016 Goals:

1. Increased communication between the High Schools and Triton with a focus on Dual Credit and the new potential cohorts.
2. Committee receiving some career related professional development (roundtable) and then using that information to help guide our students.
3. Promote career presentations at each school and the small field trips to business partners.
4. Programs of Study—continue to sue and promote the website with our students.

Health Careers Roundtable Feedback

Program information from UIC was very informative and helpful. Information on summer programs was good. We would have liked more information on trends, opportunities, and education levels in different medical fields, rather than primarily talking about their individual programs, but overall it was helpful and worthwhile.

Connections Conference:

Anne has extra money for the conference for anyone in our departments. Everyone was reaching out to department members to see if anyone is interested in attending and will let Anne know by Monday.

Summer Opportunities

Emily brought this item to the agenda, wanting to have a discussion about how other schools promote their summer programs. Due to the length of the roundtable presentation, we tabled this agenda item until the March meeting.

Elite College/Higher Salary article

We discussed this briefly and everyone felt the article was great to share with their students based on the career pathway they were choosing. The information made sense and was not real surprising to anyone.

Naviance Reports

Due to the length of the roundtable presentation, Mike will email everyone to try and get their Naviance information.

Triton Updates

- Hoping that all schools can organize a group to come to Triton during the school year for placement exam and to pick classes. Last year, was after school was over and it wasn't as effective.

Dual Credit Updates

No information provided as Devin did not attend the meeting.

Other Building Updates:

No one reported any other updates from their schools.
